The sale veterinarian will prepare standard, interstate health papers for transportation between states, but it is the buyer's responsibility to be cognizant of and adhere to the entrance requirements for his own state. While entry permits can be obtained from you state office from while in Sedalia, this can often be done prior to your arrival at the sale.

CANADIAN BUYERS: Please contact a federal veterinarian for a detailed list of requirements for importation of sheep into Canada. You will need to be familiar with the health requirements for entry of animals purchased through public auction. Canadian buyers will have to make arrangements to have any animals purchased tested for Blue Tongue and Brucella Ovis. Cost for federal health papers, any tests beyond the normal sale tests and shipping arrangements will be at the buyers expense. Sale management can provide assistance with these test and shipping arrangements.

MEXICAN BUYERS: Please contact a federal veterinarian for a detailed list of requirements for importation of sheep into Mexico. You will need to be familiar with the health requirements for entry of animals purchased through public auction. Cost for federal health papers, any tests beyond the normal sale tests and shipping arrangements will be at the buyers expense. Sale management can provide assistance with these test and shipping arrangements.

TRANSIT ANIMALS: Animals not consigned in the Midwest Sale are not allowed to be housed in the Sheep and Swine barns. Instead, they are considered transit animals and should be held in the horse barn stalls. Stalls for transit animals will now be accounted for by Midwest Sale staff. All stalls will be locked prior to sale week and can then be rented by consignors/non-consignors through sale staff in the FFA Building. Stall rent will cost \$5.00 per pen per day for consignors, and \$15 per pen per day for non-consignors. All rentals must be paid up front and will pay rent through Sunday following the sale. We will require renter name, address, phone number, number of sheep penned, and a brief description of animals upon pen rental. If renter chooses to empty the pen prior to Sunday, they may return to the FFA Building for a refund of days not used, allowing the pen to again be locked by sale staff. Refunds will be allowed for the day staff is informed of the empty pen through Sunday. Renters wishing to lock their transit pens will be required to furnish their own locks for this purpose. Otherwise transit animals are to be held in personal trailers, at no responsibility to the Midwest Sale or its staff. ALL TRANSIT ANIMALS MUST ALSO HAVE HEALTH PAPERS available for inspection in accordance with Missouri health standards and rules and federal law. Please put transit animals on separate health papers from sale entries.

Really nice yearling ewe. She will compete for you. Sire was in our show flock for 2 years. He wasn't the biggest ram, but full of Red meat and a great top. The Dam 2971 is a good producing female that pumps our nice lambs every year. She was just sold to the Melvin Family as we wean down our flock.

Since this maybe our last National Sale we wanted to bring our best ewe lamb. This combo of 1418 and 1421 was planned and what a great ewe lamb. They bred right after the Ohio State Fair last Aug. 1418 was sired by Ekern 303 x Wild Child and 1421 was by Poppen 036 that goes back to Urban Triple Nickle. I don't think I ever sold a ewe lamb at the Nationals as nice as this female. She will do very well in the show ring and as well in the lambing barn.
